PUBLIC COMMENT

Tom Vollmar from the Town of Nashville commented that he thought it would be good idea for the County to find a property and rent to the state.

John Dennee informed the public that the committee's responsibility was not to check into any private contracts the property owner may have had.

Craig Schallock also stated he felt it would be a good idea for the County to find a place for these individuals. He felt it would be a good idea because everyone would know in advance, where they would be living.

Chris McGeshick wanted to know if the County planned on fighting the placement of another predator from another county. He also wanted to know how many more offenders were planned for release to Forest County. He also stated he thought it would be a good idea for the county governments to look into a property for this situation.

Mick Chase said at this time there are no offenders from Forest County at Sandridge.
