Machine ballots: twenty two (22)

Machine totals were not broke down by ward. On election night, the poll workers had to go through the machine tape and hand count each ballot. During canvass we discovered when we added up all four wards for each candidate, they did not match the totals on the machine tally total. Called the City Clerk and asked for two poll workers to come in.

3:30 p.m. – Carty left the meeting.

4:00 p.m. – City Poll Workers, Hill and Connor arrived to open up bag and recount machine ballots. Each machine ballot was cut from the roll and sorted by Ward. Tally was redone for each ward. Totals matched the machine tally total after recounting.
